

Our Impact

2022 - 2025

From 2022 to 2025, Pakistan Children Relief reached **58,002** beneficiaries through education, humanitarian relief, and community development initiatives across 21 cities.

We supported 8,826 children's education, cared for 3,724 orphans, rehabilitated vulnerable street children, and responded to crises through flood relief. Provided Ramadan food distribution, and Qurbani meals. Strengthened by healthcare, skills training, character development, and environmental efforts, this impact reflects more than numbers.

"When compassion meets consistency, lives don't just survive they move forward."
